1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Customer of the company

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I do not agree with the proposed doubling of the water rates. Some increase in rates may be necessary but an increase of 100% is not in the best interest of the public the company serves due to the nature of the service being a necessity to live. The state needs to examine the justification or evidence and make the best decision according to the extent allowed by law. The infrastructure and operating expenses should be paid with adequate rates but these must be justified and explained to the customers if the rate increase would be greater than what is considered "normal".

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
(This section should be completed.)
